

Material Safety Data Sheet
According to the directive 91/155/CEE
According to the regolamento CE 1907/2006
Issue Date: 10/01/2008 data Rev. Date: 10/01/2008
Data Sheet B0729in Rev. n. 0

1. Product and Company Identification

Product Name:	Toner Red d-Color MF250
Product Code:	B0729
Product Description:	Red toner
Company Details:	Olivetti S.p.A. Via Jervis 77 10015 Ivrea (TO) - ITALY
For information:	Tel. 0039 (0)125 522710 Fax 0039 (0)125 522711 e-mail : supplies@olivetti.com
For emergency:	Centro Antiveleni-Ospedale Niguarda (Milan) 0039 (0)2 66101029

2. Hazards Indications

The product is not classified dangerous according to European Directive 1999/45/CE.

Skin Contact:	Improbable irritation to the skin.
Ingestion:	Product ingestion is unforeseeable during the normal use.
Inhalation:	Unforeseeable during the normal use. Prolonged inhalation of significant quantity of powder could cause damages to the lungs.
Eye contact:	Can cause eye irritation.
Hazard Specifics:	The explosion of the powders is improbable during the normal use. As many organic powders final split can create explosive mixtures.

3. Composition / information on ingredients

Substance or prepared product: prepared product.

Chemical names*	%	CAS No.	EU Classification
Styrene acrylic resin	75-85	**	Not classified
Organic pigment	1-10	**	Not classified
Organic pigment - 2	1-10	**	Not classified
Wax	10-20	**	Not classified
Wax - 2	1-10	**	Not classified
Titanium oxid	<1	13463-67-7	Not classified
Amorphous silica	<1	7631-86-9	Not classified

*Limits of occupational exposure are reported in section 8 if they are available.

Data Sheet B0729in Rev. n. 0

4. First Aid Measures

Inhalation:	If inhaled, move the person to a place of open air and rinse the mouth with plenty of water. In case of the person stop breathing, apply artificial respiration. If the person has difficulty in breathing, supply oxygen. Seek advise from doctor if the symptoms persist.
Ingestion:	Rinse the mouth. Drink one or two glasses of water for dilution. Seek advise from doctors if the symptoms persist.
Skin Contact:	Wash with plenty of water and soap. Seek advise from doctor if irritation persists.
Eye Contact:	Check and remove contact lenses. In case of the contact, wash the eyes for at least 15 minutes. Seek advise from doctors if the symptoms persist.

5. Fire – Fighting Measures

Extinguishing Media:	Water, foam, CO2 and chemical powder. Do not throw water directly.
Special fire-fighting procedures:	Wear protective breathing apparatus (oxygen mask if in closed space) and suitable protective clothing.
Hazardous products of thermal decomposition:	Can produce carbon oxides, metallic oxides and smoke.

6. Accidental Release Measures

Personal Protections:	In case of the accidental release, avoid inhalation, ingestion, eye and skin contacts.
Precautions for the Environment:	Do not dispose in the environment. Dispose the product as waste.
Clean-up Method:	In case of accidental spilt due to broken wrapping, do not spread the product, collect it with a suitable vacuum cleaner or adsorb it with a wet mop.
NOTE: See section 8 for personal protection equipments and section 13 for the product disposal.	

Material Safety Data Sheet

Issue Date: 10/01/2008 data Rev. Date: 10/01/2008
Data Sheet B0729in Rev. n. 0

7. Handling and Storage

Handling: Keep the container closed. Keep away from heat and other possible sources of triggers. Do not intake. Do not breath in powders.

Storage: Store the container well-closed in a cool and dry place.

8. Exposure Controls and Personal Protection

Ventilation: Not required for the normal uses.

Hygiene Measures: Wash hands after product use and before eating.

Limits of Occupational Exposure: **ACGIH-TLV(USA):** 10mg/m3
DFG-MAK(GER): 4mg/m3

OSHA-PEL(USA) 15mg/m3
Worksafe-TWA(Austl.) 10mg/m3

Protection Devices: Protections for respiratory ways, eyes, skin and body are not expected during the normal use conditions. In case of broken wrapping, use protective gloves and P2 facial filter.

9. Physical and Chemical Properties

Physical state:	Solid (fine powder).
Colour:	Red.
pH:	Not applicable.
Odour:	Almost odourless.
Melting Point:	125 C°.
Explosive properties:	Not available.
Ignition Point:	Not available.
Density:	1.2 (H ₂ O=1).
Water Solubility:	Insoluble in water.

Material Safety Data Sheet

According to the regolamento CE 1907/2006
Issue Date: 10/01/2008 data Rev. Date: 10/01/2008
Data Sheet B0729in Rev. n. 0

10. Stability and Reactivity

Stability:	Stable, in the normal conditions of use and storage.
Incompatible Materials:	Avoid strong oxidizing agents.
Conditions to be avoid:	Contact with fire and electrical discharges.
Product of Degradation Hazards:	The thermal decomposition can generate carbon oxides and metal oxides.

11. Toxicological Information

Acute oral toxicity (DL₅₀):	>2500 mg/kg (Rat)*.
Acute inhalation toxicity (CL₅₀):	>4.90 mg/l (rat)*.
Acute dermal toxicity (DL₅₀):	Not available.
Eye Irritation:	Minimal irritant (rabbit)*.
Skin irritation:	Non irritant (rabbit)*.
Skin sensitization:	Non sensitizer (guinea pig)*.
Reproductive Toxicity:	Non toxic for reproductive systems according to European Directive 67/548/CEE.
Carcinogenic Effects:	Non carcinogenic nor potentially carcinogenic, according to European Directive 67/548/CEE, IARC e ACGIH.
Mutagenicity (Ames test) :	Negative*.

*Based on data for other products with similar compositions.

12. Ecological Information

There is no information indicates negative ecological effects.
Avoid uncontrolled disposal in the environment.

13. Disposal Considerations

Dispose in compliance to the directive of 75/442/CEE (as modified from the Directives 91/156/CEE, 91/692/CEE, 96/59/CE and of Decision 96/350/CE) and according to the following regulations:

- Directive 91/689/CEE on hazardous wastes.
- Resolution 2000/532/CE and following modifications about institution of a new community waste's list.
- Directive 94/62/CE on the package and waste of package.

Data Sheet B0729in Rev. n. 0

14. Transport information

There is no precaution in particular.

15. Regulatory Information

Labelling according to European Directive 1999/45/CE, 67/548/CEE and the successive modifications and integration.

Danger symbol: Not required.

Phrase of risk: Not required.

Prudence suggestions: Not required.

16. Other Information

This Material Safety Data Sheet was prepared in compliance with EU Directive 91/155/CEE including amendments and integrations.

The Sheet establishes a integrative document relative on the product usage instructions but does not substitute the product usage instructions itself.

The information contained in this sheet about the substances indicated, are referred to their conditions in the particular way the product is prepared and immersed in the market. The information is NOT valid for other combinations of these substances.

The information given is based on the knowledge acquired in the subject matter on the date which the Safety Data Sheet is written.

It is the user responsibility to use the products only for the anticipated ways and verify the appropriateness of each information for the usage.
